Hugh Hefner NOT DEAD

The 822 is all over the rumor control!! Here we go.

Background:

Monday the internet was on fire with stories of the 85-year-old Hugh dying of a heart attack on July 11th.

822-Rumor Control

Hugh had a sense of humor about the situation. He tweeted:

"The rumors of my death are, as Mark Twain observed in a similar situation, greatly exaggerated. I'm very much alive and kicking."

"I'm lying in bed next to Shera Bechard with a big smile on my face, reading tweets about my unexpected demise,"

"I'm happy to see how many people are pleased that I'm not dead. I'm pleased too"☐
