Zoe Saldana Stars in Upcoming Action Movie "Columbiana"

Plot

The plot centers around a young woman who witnesses the horrific murder of her parents when she is only a small child. The shock from the brutal experience draws her into a life as a highly skilled female assassin who is ultimately seeking to avenge her parents' deaths.

'Columbia' co-stars Micharell Vartan (TV's 'Hawthorne' and 'Alias') as the love interest for Saldana's character Cataleya Restrepo. **The action drama was directed by Olivier Megaton and is scheduled for release on August 26th.**

Ms. Zoe has been leaving her mark in Hollywood, with movies like **Center Stage, Guess Who, Drumline, Death at a Funeral, Avator, Star Trek, and Takers.**

(Not to mention that girl be sharp on the red carpet) From the looks of the trailer Zoe has morphed from the original character roles her fans are used to seeing into a trained killer!!
