New Monica video featuring Rick Ross

"Monica's" video (Anything to Find You) featuring "Rick Ross" has been released, and I love it!! It reminds me of the "Miss Thang Monica", for those of you that's been a Monica fan since she was 15 you know exactly what I mean by Miss Thang!! The single originally had "Lil Kim's" skills on the track but "Biggie Smalls" moms would not hear of it as she does have a major say in who can use any of Biggie's tracks. I would have liked to hear the Lil Kim's version, but the single is still straight as is. 1 Attached files|272KB!
