**Beyonce Carter**

**Made in America Festival**

Did anyone catch Jay Z singing 1 + 1 along with his wife in Philly at the Made in America Festival? Beyonce, who just turned 34 on September 4th brought the house down yet again this past Saturday and her hubby was rocked out along with all of Bey's fans. Jay Z is truly Beyonce's biggest fan. HOV, while I thoroughly enjoyed watching you support your lady #RelationshipGoals..... My favorite part has to be Beyonce's intro to Ronda Rousey's DNB (Do Nothing Bitches) quote. GENIUS!!!
