Lebron James Mom Arrested

On April 6, 2011 Gloria James AKA Lebron James mom was arrested in Miami at the Fontainebleau Hotel. Per employees, she was leaving a party at LIV night club at approx 5am WAIT 5am? Man, Lebron James mom "GOES HARD!!" Nonetheless, she grew impatient and finally upset with the valet and the altercation began. The police was called and unfortunately Gloria James was arrested on assault charges and the valet was NOT!! She was released on Thursday morning (April 7, 2011)

We see Ms. James is a little feisty. I remember back in 2006, she was arrested for DUI in Ohio. In that incident, she kicked out a car window and received several additional charges including assault on a police officer. I've only seen that done in the movies! I think its fair to say SHE is not the ONE!!! We wish the best for Lebron and his mom. Everything is going to be all right and this too shall pass.

UPDATE - ALL CHARGES HAVE BEEN DROPPED!!!

Yes Indeed, after reviewing the tape at the hotel. Gloria James have been exhausted of ALL
